To Whom It May Concern
South Ayrshire Council

Dear Sir/Madam

I refer to the Stage 2 application for the Community Asset Transfer of two tennis courts at Arrol Drive, Seafield, Ayr to be acquired by Ayr Lawn Tennis Club.

Ayr Lawn Tennis Club are a long established, well known and respected sports club. They provide a wide range of tennis related activities covering all age groups and abilities. As such they contribute significantly to the health, fitness and wellbeing of the community. It is testament to the club that they have managed and operated the two tennis courts at Seafield, owned by South Ayrshire Council, since 1996 providing tennis facilities to the general public without any costs being incurred by the Council in time or expenditure.

I have no hesitation in supporting Ayr Lawn Tennis' application for community asset transfer and a capital grant to resurface the course and to install a user-friendly Smart Access Gate Entry System.

I hope you will look favourably on the application.

Yours sincerely
